Alfred Chicken

The evil Meka-Chickens have egg-napped Billy Egg and his brothers for their terrible cloning experiment! Oblivious to all danger, Alfred sets off to the rescue... Alfred Chicken is a multi-level platform fantasy, full of hidden power ups and loads of laughs and created by Twilight.

"Impossible to put down... a perfect platform game..."

GB Action 92%

Battletoads

These aren't the type of toads to be pushed around, these are the Battletoads! So when their buddy Pimple and the beautiful Princess Angelica are kidnapped by the evil Dark Queen, Rash and Zitz race to her homeworld to kick some butt! The lady's bad and she's got a whole mess of nasty surprises in store - you're gonna need all your fighting skills to defeat her, rescue your friends and get the frog outta there alive!

"Excellent and varied arcade action that'll knock the turtles into a three cornered shell."

PC Zone

Available for:

- Amiga RRP - £25.99

Battleship

Man Your Battle Stations! Do you have what it takes to command your own fleet of five ships? Can you survive thrilling, ruthless combat on the high seas? Stalk your enemy through unfriendly waters. Secretly plot your plan of attack. Then fire. It's a hit! But remain on Red Alert! For your adversary wants victory as much as you do!

"...From what we've seen this could be the successor to the incredibly addictive Tetris..."

Cal Ripken Jr. Baseball

Step up to the major leagues of Super NES Baseball! Cal Ripken Jr. 1991's Most Valuable Player in the American League. When Cal plays, he plays for real. Cal Ripken Jr. Baseball brings that realism home. You'll get unequalled animation, accurate strategy-logic and players that respond to real game situations. You also get all new, all-star features you won't find anywhere else.

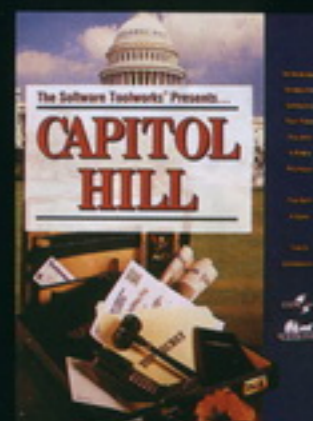

"A great fun game that lasts absolutely ages."

Super Action 85%

Capitol Hill

Make the headline news as you are sworn in as Congressman or Congresswoman of your home state. The road to Washington D.C. may be long but once you start the climb to CAPITOL HILL you're "Virtually There™". And it's just possible that you could end up speaker of the house. As you walk down the corridors of power whatever rooms you wish to enter the doors will always open for you. It's fascinating and fun and at the forefront of interactive technology - the whole experience is as if you were "Virtually There™".

Available for:

- PC CD Rom RRP - £39.99
- MPC CD Rom RRP - £39.99
- Mac CD Rom RRP - £39.99

Captain America and the Avengers

Captain America and the Avengers... The smash arcade hit... now on Super NES! Captain America and the Avengers are the world's last hope in this super battle against evil! Join Cap, Iron Man, Hawkeye and Vision as they combine their special powers with your skills in a last ditch effort to defeat Red Skull and his evil henchmen.

Available for:

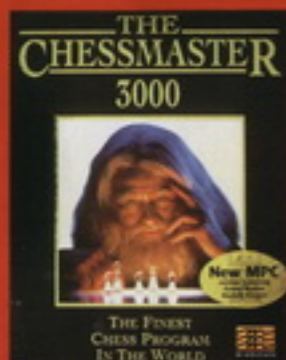

- SNES RRP - £49.99

Available for:
SNES RRP - £49.99

Championship Pool

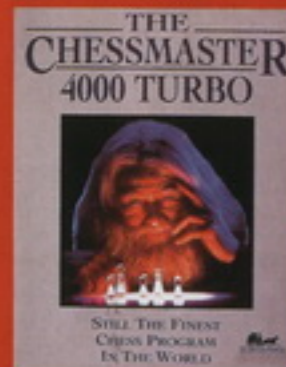

Players pit themselves against the computer or use the two player option to play 9 ball, 8 ball, straight pool, 3 ball: a total of 14 different games are available. Play in either Tournament, Practice or even Party mode. The state of the art in pool gaming from Mindscape. It's your break.

Available for:
MPC CD ROM RRP - £49.99

Chessmaster Pro MPC

The most significant enhancement in Chessmaster Pro MPC is the numerous hours of narration from the Grand Master of Chess, Anatoly Karpov. This magnificent multimedia Chessmaster includes a huge range of perspectives and the latest graphics all of which will help improve your game dramatically.

Available for:
PC Windows RRP - £34.99

Chessmaster 4000

The all new Chessmaster 4000 Turbo incorporates the world champion* 32 bit chess engine along with dazzling graphics and modem and networking capability - raising computerised chess to a new level of excellence!

* 1st place, 1992 World Computer Chess Tournament, Madrid, Spain.

Digital Love

The interactive way to alleviate stress and aid meditation. Using a combination of soothing music and computer generated visuals, Digital Love can be used to enhance relaxation in this hectic world. Therapeutic techniques such as colour therapy, mandala symbols and yoga will gently massage the tired brain of the user.

Available for:
PC CD Rom RRP - £29.99

Dragon Tales

Enter a valley sheltered from time, where dragons are more than just legend! Seek out your allies in this forgotten valley, learn the art of ancient combat and ride the dragons. Track down a traitor who is summoning the force of Chaos itself before uniting the Dragon Knights in a ferocious battle against your enemy. Dragon Tales gives you the opportunity to immerse yourself in a story where those most mythical of creatures are your closest friends.

Available for:
PC CD Rom RRP - £T.B.A.

Dropzone

It's the year 2085. The devastating robot wars have ended and only a handful of people have survived. Your mission is to protect the scientists developing the ultimate transporter, from a marauding horde of intelligent aliens. You will need blistering reflexes and lightning quick skills to defeat the aliens in this super-fast and super-smooth scrolling game.

"One of the best blasts on the Gameboy."

El Fish

Developed in Moscow by a team of 15 programmers led by Vladimir Pokhilko and Alexey Pajitnov the creators of Tetris. El Fish - The Electronic Fish Design Laboratory, presents users with simulated underwater habitats in which players can breed, animate and observe colourful three dimensional fish.

"This stunning package will have you gasping at the most gorgeous, vivid and living aquariums you've ever seen."

Satellite Times 92%

Evasive Action - Duel For The Sky

At last, a realistic action flight simulator that doesn't need a pilots license to play! Choose aircraft from the past, present and future; launch from ground, carrier and space bases; and battle one-on-one with your enemy. Choose from inside-the-cockpit or behind-the-tail views as you fight to eliminate your enemy - before he eliminates you. Fast action from launch to landing!

Fire and Ice

Straight from the team that brought you Paratroïd 90 and Rainbow Islands!, comes the last word in fast, beautiful and incredibly challenging arcade platform games. Featuring 30 levels of well-judged action, Fire and Ice will hold you and keep you playing like no other game.

"The best platformer since Rainbow Islands... good looking, highly playable and addictively tough."

The One 92%

Firefighter

Play the hero fire fighter and rescue victims in some very bizarre situations. Armed with just your extinguisher enter burning, multifloored buildings battling against runaway obstacles. Extinguish as many fires as you can as you make your way to the trapped occupants. Once retrieved carry them back down to the exit or jump from a window... but make sure there is somebody below to catch you!

"Firefighter is a highly original absorbing romp..."

Those two adventuresome plumbers are at it again! Now even the youngest learner can benefit from the powerful bond between entertainment, excitement and education with the new Mario Early Learning Series. Using an appealing game interface and the popular Mario Bros. characters, children will eagerly explore Mario's Playschool, Mario Teaches Words and Mario Teaches Sums.

Mario's Playschool

Enjoy spending quality time with your pre-schooler with **Mario's Playschool**. **Mario's Playschool** is specifically designed to help prepare children for school. Walk with your child through *Mario's Rhythm World* as he or she experiences rhythm and rhyming as they drum, sing and dance to their favourite pre-school songs with Mario and his friends. Your child will learn to count in *Counting World*, have fun with colours in *Colour World*, enjoy building things in different shapes in *Shape World*, plus many more levels!

Mario's Playschool is fun and educational for parent and child, with both discovery and question levels. Help your child advance and have fun!

Mario Teaches Words

Mario and his friends will guide your child through their first adventure with letters and sounds with **Mario Teaches Words**.

Your child will have fun as he or she discovers the sounds and shapes of the alphabet letters with *Alphabet World*, enjoy listening to and looking at letters as they are formed and heard in *Letter Sound World*, discover how words are made with Mario and his friends as they create real stories in *Word World*, and many many more!

Mario, Luigi, Yoshi and Bowser will provide hours of entertainment with **Mario Teaches Words**.

Mario Teaches Sums

Have fun with Mario and his friends as your child learns, discovers and experiences basic concepts with numbers, math and counting with **Mario Teaches Sums**.

In *Quantitative World*, children learn about "less than," "greater than," "few," "more" and so on. In *Time World*, Mario and his friends show children about the concepts of time, such as "later," "begin" and "first." And in *Number World*, children help Mario to identify numbers. Plus many more "worlds" and levels!

After completing each world, animation reinforces the concepts your child just learned!

Mario is Missing

Mario has been kidnapped and Luigi needs your help to foil Bowser's latest plan and catch the Koopas in their act of turning the world upside down. Have fun exploring famous cities, learn about navigation and geography and use reasoning skills to think through clues to reach your goal.

"It is a tough game that will certainly educate kids."

Practical PC 80%

Mario's Time Machine

Join the Mario Bros. on a wild ride through time as they relive great moments in history in this new series. Take a romp with the dinosaurs during the Jurassic period, stop off in ancient Egypt to meet Cleopatra, and arrive just in time to witness the first successful powered flight of the 20th century - all in a day's work for the popular plumbers.

Mario is Missing Deluxe

Mario Is Missing and the City Disk is incorporated on one CD. Video clips, sound and beautiful high-resolution graphics make this enhanced version twice as fun for playing and learning.

- * Maps, cities and landmarks in 256 brilliant colours
- * Digitized photos, voices and sound effects
- * Full motion video
- * Packed with animation and learning strategies

Reference Library

Reference Library is the complete reference library for business and/or home use on a single CD Rom. Extremely simple to use, it provides facilities such as bookmarks so you can browse through other areas and topics before returning to your original place. Reference Library also allows the user to print various text from any of the reference points displayed.

Sensible Soccer 92/93

They think its all over.. it is now. This game, without the slightest shadow of doubt, is the best football game EVER! This is no extravagant claim but the opinion of the press across Europe where it has achieved an amazing average rating of 92%.

"If you like football games, own an Amiga and don't buy Sensible Soccer - you are an idiot."

Radio One

Sherlock Holmes Consulting Detective I, II & III

The Sherlock Holmes Consulting Detective series is different from the traditional computer based gameplay; it is really an interactive movie where the player is the main character. The games recreate the intriguing world of Sherlock Holmes, allowing the player to step inside that world and solve a thrilling crime mystery!

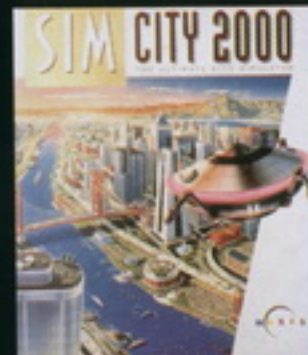

"This is it! The vanguard of CD Rom games."

Strategy Plus

SimCity 2000

With SimCity, millions of people took control of simulated cities. Now SimCity 2000 takes city planning to a new level of realism. With more buildings, more tools, more views, more colours, more feedback and more control, SimCity 2000 gives you more power to create the city of your dreams. Take yourself into the next century!

Available for:

IBM PC & 100% compatibles RRP - £T.B.A.
Macintosh RRP - £T.B.A.

SimLife

SimLife breaks the barriers between games and simulations, playing and learning, even between machines and living beings. Once again Maxis, the creators of SimCity and SimEarth, takes you where you've never been and gives you the power to create - this time to create life itself.

"Graphics are fantastic and the simulation is as much thought provoking as it is fun."

Computer Game Strategy

Available for:

IBM PC & 100% compatibles RRP - £39.99
PC Windows RRP - £39.99
Macintosh RRP - £39.99

Amiga 1200E RRP - £34.99

SimFarm

SimFarm, SimCity's country cousin puts you in the tractor's seat, managing the day to day chores of successful farm production. Raise crops from seed to sale, from plough to production, in this unique simulation built on real-world models. Of course, there's the usual array of problems you'd expect - including soil depletion, crop rotation and droughts. And it's all controlled by a friendly, intuitive push button interface, so there's no brain overload.

Available for:

IBM PC & 100% compatibles RRP - £34.99

Space Shuttle

Climb aboard the most intriguing spacecraft ever built, and take part in the action as though you are a member of the crew! You'll participate in a fascinating multimedia tour of every aspect of the most advanced space program ever instituted. It's the adventure of a lifetime for anyone who has ever dreamed of being an astronaut.

The Animals

Mindscape has licensed the resources of one of the world's premier establishments in the area of animal environmental care. Through a combination of CD Rom technology and superb interface design, the user is treated to a fascinating VCR-style motion video with synchronised sound, vivid photographs, articles, facts and narration on their computer screen.

"This is an excellent product that makes the most of the CD Rom medium. It is strongly recommended."

Computer Shopper 100%

The Chaos Engine

This sprawling adventure covers four graphic worlds and 16 levels loaded with fiendish traps, puzzles and secret passages. Get your hands on sawn-off shotguns, molotov cocktails and a huge amount of armament and buy, blag or blast your way through hordes of different monsters to do battle with the ultimate killing machine, THE CHAOS ENGINE.

"...it deserves a place in the hall of Bloody Excellent Games."

Gamemaster 90%

The Miracle Piano Teaching System

The Miracle is quite simply the world's easiest, most entertaining way of learning to play the piano, a unique way of bringing out the musician within you. All you do is plug the professional quality keyboard into your computer... load the software... and away you go.

"It's an excellent system."

Amiga Format 93%

The Grolier Multimedia Disc of Records

For nearly forty years, the Guinness Book of Records has informed and entertained millions with astonishing facts, feats and exploits from around the globe. Now Grolier Electronic Publishing has transformed this fantastic compendium into a brand new, total multimedia experience complete with pictures, sound and video.

The New Grolier Multimedia Encyclopedia

This CD Rom encyclopedia breaks down the barriers to what you can discover. You'll find a wealth of superior quality information in just seconds. With 33,000 researched articles, 3,000 compelling illustrations and 250 high resolution, full colour maps, the encyclopedia provides an unparalleled reference guide.

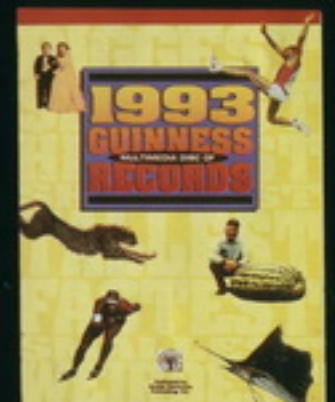

"It's impressive... you learn something new every day with Grolier's Encyclopedia."

Uridium II

Fresh from the vaults of TOTAL playability comes this unique reprise of the classic shoot 'em up. Featuring the fastest scrolling and most detailed graphics that the Amiga has EVER seen, pit your wits and your reflexes against fleets of leviathan spaceships as your Manta swoops low and leaves a trail of mayhem in its wake.

"It's absolutely stunning with superb graphics, marvelous effects and simple-as-pie gameplay."

Amiga Action

Available for:

SNES RRP - £49.99

Wing Commander Secret Missions

You and the space carrier Tiger's Claw are engaged in a ferocious battle to the death with the dreaded Kilrathi Empire. Crossing into Kilrathi space, you come face to face with the ultimate threat to mankind: a weapon capable of destroying whole planets! In these heart-stopping missions you'll face challenges and enemies more dangerous than any you've ever seen.

World Atlas Version 4

An amazing world fact book, almanac and atlas all in one easy to use guide. The Mindscape World Atlas is the perfect single-source reference guide for travellers, educationalists, business people, librarians and students of all ages who want to explore the world from their computer.

"It's not just an atlas, it is a real world fact book and almanac."

Educational Computing Technology

Worlds of Legend

Control the Assassin, Berserker, Troubadour and Runemaster in your quest - vengeance for the murder of the Assassin's father, the Emperor of Imperia. Track down the sorcerer Ti-Mann Mochun, once the Emperor's aide, now your deadly enemy. But watch your backs - the lands of the East are filled with Assassins and Warriors! Strangers will be well noticed in these parts...

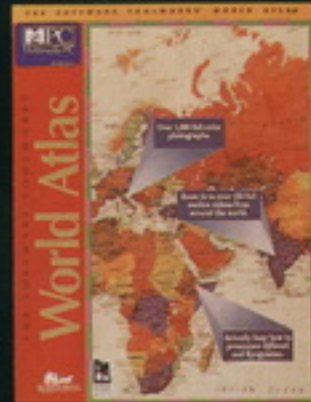

"Once you start you'll soon be dragged in so far that it's hard to stop."

CU Amiga 90% Screenstar

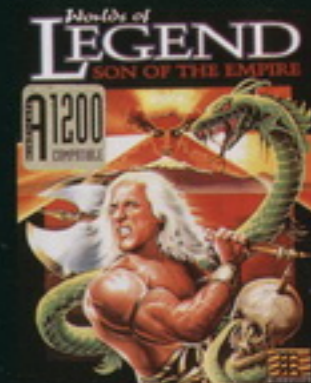

20th Century Almanac

Travel through the 20th Century in a day! Land on the moon, attend Woodstock, listen to President Kennedy's inaugural address, join the crowd for the 1916 World Series. This multimedia reference work uses an extensive archive of motion videos to produce a visual encyclopedia of the century, including audio, photos and text.
